Age All children are entitled to receive a service according to their needs. This policy refers to the safeguarding of all children, including unborn children, up to the age of 18 years as legislated by the Children Act 1989 and 2004. All children are considered vulnerable to emotional, physical and sexual abuse or subject to neglect by another person until they reach adulthood. Offences are governed by legislation which considers differing ages for differing offences. There will be a positive continuing impact of the policy.	Implementation of the policy on safeguarding children.	Detective Superintendent, Sexual Offences, Exploitation and Child Abuse command (SOECA)		Ongoing
Disability All children are entitled to receive a service according to their needs. Children with disabilities may be more vulnerable to risk of abuse due to the varying degree of dependency on another for levels of care depending on the type and level of disability. Advice and guidance should be sought from Children's Social Care regarding any child who has a recognised or perceived disability. CPS and Achieving Best Evidence Guidance provides a framework to mitigate any disadvantage that a child with disability potentially could face. Gender Reassignment All children are entitled to receive a service according to their needs. Transgender children may be more at risk of abuse where their gender identity conflicts with cultural, religious, faith or personal interpretations of traditional gender roles. Joint agency working and training highlights the need to provide services to these children and to be aware of the varying issues faced by transgender children. There will be a positive continuing impact of the policy.	Implementation of the policy on safeguarding children.	Detective Superintendent, SOECA		Ongoing
Gender All children are entitled to receive a service according to their needs. All allegations against children are investigated regardless of gender (London Child Protection Procedures 2016). Females report the majority of rape and serious sexual crimes however males are as likely to be complainants of these offences and myth rapes and stereotype training recognises this. Female Genital Mutilation (FGM) is by the nature of the offence performed on females and female children born to women who have undergone FGM and other female children in the extended family must be assessed appropriately for risk. There is cultural pressure on females in communities practicing FGM to enforce the procedure. There will be a positive continuing impact of the policy. STEP 6. Ensure monitoring and review arrangements are put in place**GUIDANCE**

How will the implementation of the proposal / policy be monitored and by whom?

The policy will be monitored by Sexual Offences, Exploitation and Child Abuse command (SOECA) Continuous Improvement Team (CIT) to ensure it is current and correct. This will be done by the ongoing partnership of SOECA Senior Leadership team (SLT), Mayor's Office for Policing & Crime (MOPAC, partner agencies and SOECA CIT to identify emerging trends, best practice and monitor compliance, reviewing and updating the policies as and when required.

All Public Authorities such as the Metropolitan Police Service (MPS) have to comply with section 149 of the Equality Act 2010 more commonly known as the General Duty.

The Duty requires us to:

- **Eliminate discrimination, harassment and victimisation and any other conduct that is prohibited by or under the Act.**
- **Advance equality of opportunity between people who share a relevant protected characteristic and people who do not share it.**
- **Foster good relations between people who share a relevant protected characteristic and those who do not share it.**

One of the ways we can demonstrate that we are complying with the General Duty is to document how decisions are reached and resulting activities including monitoring and review arrangements. In the MPS, the way we evidence this is by completing EIAs.

What is the timetable for monitoring, with dates?

4 years from publication with continual monitoring.
